CABIN

HYBRITE S TROLLEY
Bring quality onboard

77 YEARS OF EXPERIENCE

While airline benefits from savings on cost of ownership, cabin crew loves how pleasant and efficient this ergonomic catering equipment feels in use. Besides being strong, smart and stylish, the Hybrite S is a green product line. This is largely due to use of recyclable materials and a sustainable, socially responsible production facility.

HYBRITE S FAMILY

fullsize trolley
16,1 kg*

halfsize trolley
10.3 kg*

container
2,6 kg*

*Weight may differ per configuration.

The Hybrite S family is the baseline for all of our catering products and innovations, that made us market leader and comes in different designs and sizes that meet all current airframer's requirements.

- + FULL SIZE AND HALF SIZE TROLLEYS**
Modularity and ease of maintenance do not compromise on security.
- + STANDARD UNIT CONTAINERS**
Available with three locktypes:
 - turn latch
 - push to close
 - butterfly latch
- + FOLDABLE TROLLEYS**
Thanks to the easy folding mechanism, trolleys can be quickly stowed in the most compact way.
